

ICE CREAM MAKER *4-in-1*

for homemade ice cream, frozen yogurt,
sorbet and slush ice

ROMMELSBACHER

With the versatile ROMMELSBACHER Ice Cream Maker it is very easy to create frozen delicacies also at home. With its 12 W, the energy-efficient but powerful motor provides for an even motion of the ice mass inside the pre-frozen freezer bowl and grants perfectly creamy results. Whether ice cream made of natural ingredients or frozen yogurt with yummy toppings, whether a refreshing fruit sorbet or trendy slushies – the possibilities are almost endless. Preparing ice cream with favourite ingredients (up to 500 ml per run) allows for personal ice creations of all kind, regardless if sugar-free, low-fat, vegan or lactose-free. This is a clear advantage also for those, whose diet range is restricted by food intolerances. Superior materials, simple operation and easy cleaning are matters of course. And various safety functions make also this ROMMELSBACHER appliance being an extraordinary and reliable aid in every good kitchen.
