Gold Medal Poppers

Where taste and performance meet.

When it comes to popping corn, you need a machine that is safe to operate and easy to clean, but also delivers the absolute best-tasting popcorn. Our family of machines simply pop corn better, and here are just a few of the reasons why.

PowerOff® Control – Improved Popper Safety Feature Also Saves Money. Operators can rest assured knowing their machine will automatically turn off after 15 minutes of idle time, and it re-sets each time a batch of fresh corn is popped.

Additional benefits include:

- **Reduced Energy Costs:** Eliminates wasted electricity during idle times to cut down on shocking energy bills.
- **Extended Kettle Life:** Reduced heat and wear on the kettle extends the life of the heating element.
- **Simple To Operate**

E-Z Kleen Kettles – These signature kettles feature long-lasting performance, low maintenance and a stainless steel cook surface, popping great-tasting popcorn every time.

Stainless Steel Kettles – A stainless steel cook surface with an aluminum heat diffuser produces better popcorn. Stainless steel kettles last years longer than chrome-plated ones. Stainless steel kettles are available in 6, 8, 12/14 and 16/18-oz. machines.

Fire Suppression – Avoid costly vent hoods and fire drops, and ensure the highest level of safety with our industry-tested PopClean® poppers with Fire Suppression System. Ideal for theaters, arenas, stadiums and more.

Twin-arm Kettle Suspension – All our kettles feature double-hung, twin-arm kettle suspension, maximizing operator safety and preventing accidental spills, as well as providing the ultimate in cabinet working room.

Electronic Heat Control – Big Eye Electronic Heat Control takes the guesswork out by automatically monitoring the heat for more precision and control. A patented Gold Medal original, it's available on everything from 16-oz. poppers up to the 60-oz. workhorses.

Brute Force Motors – Larger, more powerful motors are what set Gold Medal poppers apart.

PopClean® – Only PopClean® removes virtually all oil vapors, steam and smoke, while still allowing that one-of-kind popping aroma to fill the air and entice customers. Clean air smells so good.

Flexipop® – It's a two-in-one for double the productivity and double the value. Perfect for popping half batches during non-peak times, flip the switch and Flexipop® turns into a powerhouse able to pop twice as much corn for those high-volume demands.

Uni-Maxx® – When you see the Uni-Maxx® name, you know you're getting the unified kettle and heat element, which works with the lowest possible energy consumption while providing the maximum in popping capacity.

PopClean®

PopClean® – changing the world, one popper at a time. The world's most irresistible popcorn aroma is only from a "clean air" high-capacity popper – and only from Gold Medal. Only Gold Medal offers the world's No. 1 integrated "ductless hood" popper to trap and filter the steam smoke and oil vapors created during the popping process, so only that one-of-a-kind popcorn fragrance permeates the air.

PopClean® Control Panel
Rule the popping process! The PopClean® control panel gives you the power to select popping options (Flexipop®, Salt/Sweet), monitor filter performance plus control the lights, motor, oil system and kettle heat.

PopClean® Filter System – it's just smart.
Hands down, it's simply the smartest, up-to-code filter system on the market. Using three major filters, every PopClean® popper meets the increasingly strict requirements of public venues, such as theaters, auditoriums, stadiums and arenas. Our filtration system with integrated Fire Suppression eliminates any need for a third-party hood above the popper. The PopClean® Fire Suppression system is ETL approved to Standard 710B.

Gold Medal Products Co. is proud to be associated with the agencies noted on the left. Not all equipment is listed with all agencies. Please call 1-800-543-0862 to request the agency approvals for any specific model.

A signature Gold Medal feature you can't afford to pass up.

Increase your productivity and maximize your space by adding a Pass-Through Option to your Cornado, allowing your popper to be located on an island and operated from both sides.

Popcorn Improvements

Kettle Guard

Our motto is "safety first." That's why we offer this product design that dramatically improves operator safety by preventing kettle burns.

Top Hat Kettles for 32-oz. and 52-oz. Poppers

Expand your popcorn limits! Top Hat Kettles have taller lid assembly, creating 30% more space for expansion. The counterbalance weight system is similar to Cornado lids.

The 2 in 1 popper
Flexipop

The 2-in-1 Flexipop®

An 18-oz. and 32-oz. popper in one! The world's first two-in-one popper, Flexipop® lets you pop 18 oz. on slow days and 32 oz. on busy days with a mere flip of a switch. The electronic brain adjusts the flow of oil and the watts applied to the cook surface. Available on Pop-O-Gold, Grand Pop-O-Gold, Medallion (52 and 32 oz.) and Twin Grand Pop-O-Gold (on one kettle).

LED Lights in Domes

Your star-quality popcorn deserves a spotlight! With our new LED lights in domes and interiors, you'll benefit from brighter, more beautiful and energy-saving lights.

Salty or Sweet?

Feeling sweet or salty today? Our patented sugar or salt popping cycle option makes everyone happy, automatically adjusting the kettle popping temperature to avoid burning. Also switches from kettle corn to regular. Available on a variety of poppers.

BIB Oil Level Sensor

The sensor that checks your oil for you. The BIB Oil Sensor clearly displays the oil level by the popper controls so you always know how much is left in the Bag-In-Box. The BIB sensor is only available with Pop-O-Gold and Medallion poppers.

Build Your Own Production System – it's easy!

For True Entrepreneurs

Gold Medal's Build Your Own Production System gives you the power to design your own fantastic profit-enhancing business machine. Tailor it to your exact product, production and output needs – it's easy to get started and make it your own.

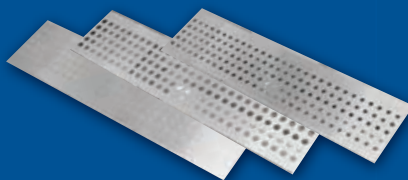

1. Start with selecting your table size: small, medium or large (see table on next page for reference).
2. Determine your popper style: single or twin popper, single corn treat or popper/corn combination (see table on opposite page for reference).
3. Select your ideal popper size: 36 – 60-oz., right/left-hand dump, Salt/Sweet, domestic/export.
4. Choose your oil system: Bag-in-Box, bucket/pail, domestic/export.
5. Decide which Corn Treat Cooker Mixer features are right for you: 5 or 10 gal., right/left-hand dump, domestic/export, digital display.
6. Last, include any extra profit-enhancing features: Karmel Kool or Filter System options.

Standard features:

1. Pans are heavy-duty, low-friction
2. Pan insert allows 5/16" or 7/16" popcorn screening holes or no holes for caramel corn
3. Heavy-duty welded construction
4. Pull-out corn storage bin (holds 50 lb.) on heavy-duty slides

All-in-One Corn Pan –

Standard on all models, this variable screening feature lets you produce a number of products. The solid pan is perfect for caramel corn, the small-holed pan is ideal for butterfly popcorn, and the large-holed pan works wonders with mushroom popcorn.

Karmel Kool – This forced-air cooling system increases your production time for faster, fresher corn. Call for details.

Filter System – Allows you to have a filter system above your machine.

Build your business by building your own profit-making machine – a size and type for every product, production and passion.

No assembly required!

Popcorn Butter Dispensers

Popcorn Topping Dispenser
#2494

Timing is everything. This small dispenser holds one 19-lb. bag of product, and includes a push button that can be used manually or easily set to release topping on a timed cycle. It also features an LED sign, peristaltic pump and flow control.

Automatic Popcorn Topping Dispenser
#2499A

Hands-free keeps things clean and easy. This self contained, automatic dispenser has an infrared beam that guides the dispenser to release topping when it "sees" popcorn. Holding a 19-lb or 35-lb. bag of product, it includes an LED sign, a diaphragm pump and manual push button. It is UL & ULS listed and has adjustable control of the flow and dispense rate.

Buttery Topping Dispenser
#2195

A dependable favorite with a classic push-top pump, this dispenser makes easy work of adding buttery flavor to any container of corn – bringing any concession stand that "just like at the movies" feel. Bowl included.

Deluxe Butter Dispenser
#2395NS

That's entertainment! An industry favorite, this high-quality dispenser includes both front and rear illuminated signs. With an improved pump and taller opening for larger containers, it's the perfect accessory for front counters, back bars or remote locations.

Bag-in-Box Counter Model Topping Dispenser
#2496

It's all yours with just the push of a button. For easy self-service or behind-the-counter dispensing, this high-capacity unit uses a forced-air heating system to keep your topping hot. Fits one 35-lb. or up to two 19-lb. cartons of Bag-in-Box buttery topping.

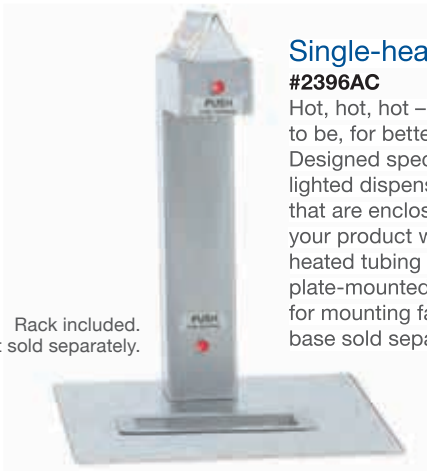

Popcorn Topping Dispenser with Rolling Base
#2495

Topping on the move! This lighted single-head dispenser comes with a rack and controls and makes fast work of topping while mounted on a versatile, movable black cabinet.

Also available:
#2495ST Single-head Dispenser with 20" x 28" Rolling Stainless Cabinet
#2397 Self-serve Dispenser with Rolling Base

*All items sold separately.

Single-head Popcorn Topping Dispenser

#2396AC

Hot, hot, hot – that’s what you want your topping to be, for better flavor and easier dispensing. Designed specifically for operator-side use, this lighted dispenser features rack and controls that are enclosed in a stainless cabinet to keep your product warm and fluid. Under-the-counter heated tubing moves product directly up to the plate-mounted head (longer heater lines available for mounting far from dispensing head). Stainless base sold separately. Rack not shown.

Flavacol® Profit Maker

The World's Most Popular Seasoning Salt

Flavacol® is made using a proprietary process that results in salt with a finer flake, not a crystal. The result is more salt sensation – but with less sodium.

Flavacol®

Flavacol® is:

- A far better buttery flavor than any other brand
- Available in the original Profit-Maker Formula, Premier (without Yellow #5 or #6) or new Better Buttery (BB) taste
- Available in handy quart-size cartons (45-lb. pail or 50-lb. bulk pack)
- Gluten-free
- Featured in all Mega Pop® Portion Paks

Want to sell more popcorn?

Then Flavacol® is your secret ingredient! Worldwide, more popcorn is popped with Flavacol® Seasoning Salt than any other.

The reasons are simple: sophisticated processes remove trace minerals in salt that can lead to bitter taste, and the right blend of Yellow #5 and #6 brightens the color for maximum sales appeal. Most importantly, Flavacol® adds an even bigger, buttery taste, so vendors sell more popcorn and make more money.

Cotton Candy

UL SANITATION FLOSS MACHINES

#3030-00-001 - The Breeze® EZ Kleen Head (Shown Left)

#3052-00-001 - Auto Breeze® EZ Kleen Head (Shown Right)

These machines offer a way to differentiate yourself from your competitors and gain the advantage in the market in a totally new way!

Molded rubber floaters and floss head are patent pending.

The Breeze® Cotton Candy Machine

#3030-00-000

It's a breeze to make cotton candy with this essential machine. Featuring a stainless steel cabinet and permanent floss head, The Breeze® also includes a 26" aluminum floss pan and Whirlgrip Stabilizer.

Auto Breeze® Cotton Candy Machine

#3052-00-000

Much like running on autopilot, this machine keeps things on target with automatic heat adjustment and cooldown features. Using a simplified single control, the auto cool prevents clogging and ensures perfectly adjusted voltage. Includes stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer.

Accu-Breeze® Cotton Candy Machine

#3040

Accuracy is a must when it comes to the temperature and voltage of your cotton candy machine. With Accu-Breeze, this model maintains consistent voltage throughout production and automatically adjusts the heat. Features include a stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer.

Floss Boss® Cotton Candy Machine

#3024

New to cotton candy? This one is perfect for the novice who wants to take charge. The Floss Boss® is a full-size easy-to-operate machine that's priced low for initial investment. It also features solid-state heat control and a high-capacity spinner head, white plastic floss pan, and Whirlgrip Stabilizer.

Mega Breeze® Cotton Candy Machine

#3042

Take your cotton candy production up a notch! This mega machine produces 30% more than our standard #3030 The Breeze®. It also features dynamic balancing for longer-lasting equipment and increased dependability. Includes permanent 7" floss head similar to single-ribbon tubular heating, plus 26" aluminum floss pan and Whirlgrip Stabilizer.

Super Floss®

#3038ED

Supersize production, ultra-high output! With an 8" permanent floss head able to hold up to 3 lb. of sugar, this colossal cotton candy machine is ideal for high-traffic areas, stadiums or midways. It features constant digital heat – regardless of incoming voltage – as well as a stainless steel cabinet, oversized 29" aluminum floss pan and Whirlgrip Stabilizer.

Tornado® with EMS and Voltage Booster System

#3005ED

Your cotton candy needs a boost – and gets it in spades from the Tornado® and its heavy-duty motor, oversized brushes and huge auto transformer. Plus, it has a 7" floss head, built-in voltage booster and Energy Management System (EMS) to maintain consistent temperatures. Includes stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer. Also available, #3007 High-Output Tornado®.

Original Tornado® with Lotta Volts System

#3005SS

While similar to the #3005ED Tornado® with EMS, this simplified version features double transformers, one fixed and one variable, enabling the system to either boost or buck incoming voltage in response to variations. Another perfect match for high-traffic or high-volume locations, it includes a stainless steel cabinet, 26" aluminum floss pan and Whirlgrip Stabilizer.

Mega Floss®

#3016

Get maximum production with minimal electricity from this cotton candy workhorse. This high-performance model goes the distance with a 7" single band. Also includes aluminum floss pan and Whirlgrip Stabilizer.

Auto Econo Floss®

#3017A

For simply the best value and lowest cost – perfect for first-time sellers or beginners – the Econo Floss® is your ideal choice. This UL-listed model can produce up to four servings per minute using its heavy-duty motor, automatic power adjuster and solid-state, cool-running heat control. Comes complete with aluminum floss pan and Whirlgrip Stabilizer. Also available is the #3017SS.

Super Floss® Maxx

#3077

Super cotton candy flavor meets maximum cotton candy productions in this super model. Using a 15-amp line and 5" head, the 1/10 hp motor yields higher quantities of fluffy product per pound of sugar. Includes a Whirlwind band, stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer.

X-15A Stainless Steel Whirlwind®

#3015A

It's a true original and still setting industry standards even 50 years later. Delivering high output without high cost, the Whirlwind® features a 5" head and the most dependable temperatures from its solid-state heat control and 1/3 hp sealed ball-bearing motor. Includes stainless cabinet, floss pan and Whirlgrip Stabilizer. Also available, #3015AX Export Model (230-V, 50 Hz).

Tornado® 200

#3005EMS

For this Tornado®, the powerful EMS ensures superior control when it comes to variable temperatures and locations. A lightweight, easy-to-use model, this machine features a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer. Also available, **#3005XEM** Export Model.

Digital Deluxe Whirlwind® with EMS and Voltage Booster System

#3008ED

It's a triple play for this industry leader – the favorite of pros who like to create three-color floss. This Whirlwind® has an easy-to-read digital control for setting – and maintaining – ideal heat and voltage, ensuring optimal output from its fixed transformer and 1/3 hp sealed ball-bearing motor. Includes a stainless cabinet, aluminum floss pan and Whirlgrip Stabilizer.

Digital Super Breeze® with EMS

#3033ED

The ultimate choice for making two or three colors of cotton candy, this machine is a superpower with its triple-wrapped tubular heating element, stainless steel band and permanent floss head. With digital controls that are simple to set and see, the Super Breeze® ensures that your heat remains constant once it's set. Equipped with a heavy-duty stainless Whirlwind® cabinet, aluminum floss pan and Whirlgrip Stabilizer.

Stainless Steel Deluxe Whirlwind® with Lotta Volts System

#3008SS

When it comes to cotton candy perfection, go deluxe! While it's ideal for making two or three cotton candy colors, this model's selling point is its high-precision heat control from two large transformers – one fixed and one variable. Other features include four brushes for longer brass life, aluminum floss pan and Whirlgrip Stabilizer.

Super High-Output Deluxe Whirlwind®

#3009

Looking for more volume? This is where you find it. Leveraging .75" of extra space between the upper and lower floss band and ribbon assembly, this model is fully equipped with aluminum floss pan and Whirlgrip Stabilizer.

Smaller Footprint, Huge Impression

We have integrated existing model options and styles into one cabinet design.

These are the standard features you will receive with the new style cabinet:

- New style Lock-N-GO® handles
- Redesigned bell housing sugar seal
- Bowl positioning brackets with bumper
- Flip down front door for easy serviceability

Shave Ice

Hawaii's Finest® Heavy-Duty Shave Ice Machine with Maximlcer

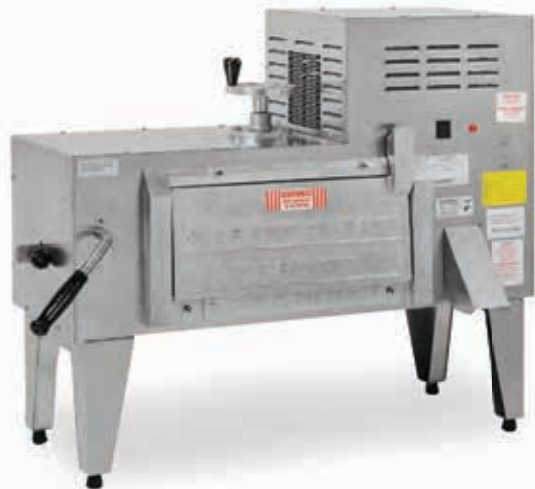

#1027HD Shaver

#1023 Maximlcer

#1008 Foot Switch

For continuous, profit-making sales, you need continuous, ultra-high production. Count on this hard-working setup to churn out and shave up extra-fine snow with its heavy-duty 3/4 hp Brute Force Motor. Take it up a notch by adding the Maximlcer continuous shave ice cylinder, which requires an easy-to-operate foot pedal but increases your potential production capability to 25 lb. of cubed ice and 500 sales per hour.

*All items sold separately.

Olde New Orleans Block Shaver

#1087

Shave off more ice than you can chew with this high-volume super shaver, one of the world's most powerful. Redesigned, this shaver has a new Uni-Body construction and a quiet drive that includes a belt tensioner.

Ideal for amusement parks and high turnover, it holds blocks of ice up to 12 lb. The hinged cast aluminum door conveniently serves as a shelf, and the door safety switch protects the operator. Belt driven operation. Also available in a battery version **#1087DC**.

Hawaii's Finest® Shave Ice Machine

#1027

A longtime favorite of midway operators and festival pros, this ice-shaving workhorse goes the distance with its sturdy 1/3 hp drive motor. For continuous, hands-free ice production, add the **#1023 Maximlcer** and **#1008 Foot Switch**.

*All items sold separately.

Hawaii's Finest® Super Shaver

#1047

Crank up the power with the world's highest-production shaver, featuring a 3/4 hp gear-drive motor and a hopper that easily holds an 8-lb. bag of ice. Standard model is 120-V, 60 Hz and includes a safety switch. For continuous, hands-free ice production, add the **#1024 Maximlcer** and **#1008 Foot Switch**. Also available, **#1047EX** dual-rated Export Model (230-V, 50 Hz).

*All items sold separately.

Hawaii's Finest® Shav-Pro

#1810

Go pro! This single-serve hand shaver uses its 1/3 hp motor and improved blades to work through 300 lb. of ice per hour, turning out coarser shave ice than traditional machines. For easy operation and long-lasting durability, it includes an air-operated foot switch, easy-fill hopper and convenient carrying handles.

Hawaii's Finest® Battery-Operated Shav-Pro

#1810DC

Add long-lasting battery power to dependable Shav-Pro features and you get this go-anywhere, portable high-torque single-serve shaver. With its powerful 1/3 hp motor, this 12-V model can tackle 7,000 lb. of ice with minimal wear, and includes an easy-to-operate foot switch, wide-mouth hopper and carrying handles.

*Battery not included.

Funnel Cake Fryers

Deluxe Funnel Cake Fryer FC-4

#8078E - Digital Controls

It's funnel cake time with this deluxe high-output fryer! The master of multiples, this ribbon element fryer features more heating contact for quicker recovery and even heating, turning out three 8" or five 6" funnel cakes at a time. With an increased oil capacity of 50 lb., remote power switch and a safe oil-preheat function, this model works at maximum volume with minimal power.

Deluxe Hot Shot Fryer FC-4

#8090E - Digital Controls

Take this ace for a spin. It's a super-deluxe 6600-watt fryer that combines the awesome power head of the #8082E FC-6 Gas Fryer with the oversized oil tank of the #8078E Deluxe FC-4 Fryer. Talk about hot shot, it features a full 50 lb. oil capacity, remote power switch, and the same dependable production and rapid recovery that are the hallmarks of ribbon element fryers.

Funnel Cake Fryer FC-6

#8082E - Digital Controls

Classic function meets high-power output. This 6600-watt deluxe fryer cranks out cake after cake with the same cook surface as standard tubular models, and promises quick heat recovery to ensure it's always at ideal temperature for the next batch. Fill it up with a hefty 62 lb. of cooking oil, and watch the high-efficiency ribbon element go to work. Includes side-mounted remote power switch.

Super King Ultimate Funnel Cake Fryer

#8088E - Digital Controls

We call it the king for a reason – this superstar can produce up to six funnel cakes at time so you can utilize a more efficient and continuous cook-and-pour method. More than a deluxe, it's the ultimate in high-production ribbon element models with a 85 lb. oil capacity and a whopping 9000 watts. Compatible with two #5108 Lift-off 8" Funnel Cake Mold Rings used on platforms.

Four-Cake Funnel Gas Fryer

#5094 Gas Fryer

Fire this fryer up and watch it work its magic. Using a highly efficient 45,000 BTU jet burner, this four-cake fryer can handle 21 lb. of cooking oil, making it among the most dependable mid-sized models available. Want increased efficiency? Keep the bottom of the tank clean using a square skimmer. For outdoor use only; works best with an LP gas tank larger than 20 lb.

Six-Cake Funnel Gas Fryer

#5099NS Gas Fryer

This titan is in a class by itself, capable of cranking out a full six funnel cakes at one time. With a nonelectric thermostat, it holds 50 lb. of oil to a steady temperature for reduced oil absorption and perfectly cooked cakes. For outdoor use only using an 80 to 100-lb. LP gas tank, it's a stainless steel fryer with an impressive 95,000 BTU jet burner. Includes safety pilot and drain. Requires a minimum 10" clearance on three sides.

Low Boy Cart

#5096 (Fryers Sold Separately)
Don't take your fryer on the road without heavy-duty support! Specifically designed to work hand-in-hand with the **#5099NS** Six-Cake and **#5094** Four-Cake funnel gas fryers, this welded-box extrusion cart can easily take on a 500-lb. load. Built to last, it goes the distance for even the most demanding event. Requires a **#67911** Spacer when used with the **#5094** Four-Cake Funnel Gas Fryer.

*All items sold separately.

EZ Flo Batter Pump #5098

Pour your funnel cakes with ease with this easy to handle and easy to hold batter pump. With 1/10 hp thermally protected pump drive motor, you can pour perfect funnel cakes with full control. 5 gallon bucket is included.

Hot Shot Hi-Watt Shallow Fryer #8066

Keep on pouring and pouring and pouring. We packed this hot-shot model with some serious extra power, so you can practically pour funnel cakes nonstop. At an impressive 6500 watts, it's a tubular element fryer that's built to work hot and work fast using up to 20 lb. of cooking oil. An efficient shallow fryer, it includes a safety plug, drain valve and fire emergency tray.

K-6 Shallow Fryer #8075

When it comes to funnel cake fryers, single and shallow are the best assets! This high-capacity shallow fryer can easily hold four funnel cakes at a time, making it a pour-and-cook workhorse for continuous production. At 6500 watts, the K-6 is a single fryer that holds 35 lb. of cooking oil and includes safety plug, drain and a drain board cover for downtime or emergencies.

FW-9 Shallow Fryer #8049D 240-V, 4400 watts #8051D 120-V, 1800 watts

Shallow fryers are the long-standing classics when it comes to making great funnel cakes. To ensure yours works at maximum efficiency, know exactly how many cakes it will hold – pouring fast or cramming cakes reduces your oil temp and leads to higher oil absorption, and that affects both your cake quality and oil level. The larger **#8049D** can handle four to six cakes without cooling down your oil, while the **#8051D** is a perfect small-volume machine for up to three cakes and 20 lb. of oil.

FW-12 Fryer #8050D

This is the fryer on which the industry experts rely. Setting the standard for tubular element fryers, the FW-12 is a versatile, dependable and classic machine capable of cooking three 8" funnel cakes, two large elephant ears or 12 French waffles to crispy-crunchy perfection. At 5500 watts, this fryer holds 27 lb. of cooking oil and comes standard with a safety plug and drain.

Spare Tubular Element Power Heads

When it comes to funnel cakes, everything rests on maintaining heat. Make sure you can always keep your tubular element fryer ready to cook with a backup power head, featuring an operating thermostat and high-limit heat control.

- #8063** Power Head for **#8049D** FW-9 Shallow Fryer (240-V)
- #8062** Power Head for **#8051D** FW-9 Shallow Fryer (120-V)

Batter Dip Tank

#8070 Batter Dip Tank

#8070FL Foot-Long Batter Dip Tank

Made to sit directly in your fryer, it takes a battered dog from prep to perfect in minutes with minimal mess or setup effort. In the **#8048D** 240-V Small Fryer, the **#8070** Dip Tank can cook up to five standard-sized battered dogs at a time. If using a **#8068** King Dog Fryer, the **#8070** Dip Tank can hold up to six. For double-sized dogs, the **#8070FL** Foot-Long Dip Tank maxes out at four foot-long-sized battered dogs. Shown with the **#8054** Dog on a Stick Frying Kit.

Small Fryers

#8047D Small Fryer (120-V, 1800 watts)

#8048D Small Fryer (208/240-V, 3000 watts)

There's nothing small-fry about these Small Fryers. Packed with enough punch for corn dogs or other light frying, both of these compact workhorses come with a drain valve and two standard six-position Skewer Clip Assemblies, however the **#8047D** Small Fryer should only be operated with one. These fryers are also compatible with the **#8052** Single Large Fry Basket.

#8073BF King 9 Fryers

For crunchy, juicy corn dogs, maintaining heat is key. Make sure your corn dog fryer is always ready for operation with a backup electric power head.

Universal Gas Fryer

#8065NSD

This highly versatile LP gas fryer is tailor-made for big-volume festivals and high-traffic midways. Featuring a nonelectric thermostat, this model packs in 87 lb. of cooking oil for turning out perfect corn dogs, french fries and other tasty deep-fried foods. Shown above with the **#8054H** Dog on a Stick Frying Kit with Handles.

King Dog Electric Corn Dog Fryer

#8068 King Dog Fryer

#8068FL Foot-Long King Dog Fryer

Now you can choose which King will rule your corn dog cooking! The standard **#8068** King Dog is an electric fryer ideal for corn dogs up to 8.5", crisping them to tasty perfection with 35 lb. of oil. But the **#8068FL** Foot-Long King Dog is the only electric fryer on the market that can successfully handle a foot-long-sized corn dog and 50 lb. of oil. The Foot-Long King also comes standard with two six-position Skewer Clip Assemblies.

King 9 Fryers

#8073 Standard King 9

#8073BF Battered King 9

These majestic fryers are the masters of fries, but they flat-out rule when it comes to onion blossoms. With an impressive cooking oil capacity of 47 lb., the **#8073** Standard King 9 uses 5500 watts to reign supreme using an 8" oil depth that's ideal for high-moisture foods. The **#8073BF** King 9 Fryer has the same power, but features a tubular heating element that stays 2" above the fry tank bottom, leaving room for excess batter to fall into the cold zone and prolong the life of your cooking oil. Works well with **#8077** Long-Handled Fryer Skimmer Basket for onions and **#8052** Single Large Fry Basket.

Count on the lighted sign included to draw in even more customers – and sales. Recommended for use and available separately, **#2238** Stainless Steel Insert Bowl.

Twin Nacho Cheese Warmer

#4211

Double up on your nacho cheese to scoop up even more in nacho sales. This 640-watt double-boiler-style warmer is perfect for high-volume vendors – serve out of one bowl while the other perfectly warms up the next batch. For maximum efficiency, this warmer is also compatible with #10 tins of cheese sauce. Recommended for use and available separately, **#2194** Stainless Steel Insert Bowls.

Chip 'n Cheese Combo Warmer

#2206

Stack up the chips 'n cheese (and the customers!) with this compact duo. Perfect for limited counter space, this 362-watt model features an improved pump for easy service and heated spout for the ultimate in warm cheese. The deep warmer box holds up to 10 lb. of chips at a time, and is a durable and highly visible asset for any concession stand. Recommended for use and available separately, **#2238** Stainless Steel Insert Bowl.

Nacho Cheese Cup Warmer

#5330

A winner on all fronts. Economically priced with a small environmental footprint, this versatile warmer has two separate heat settings – one ideal for pretzels, the other perfect for up to 32 **#5277** Portion Pak nacho cheese cups. Try it with roasted nuts, our **#2427** Prepackaged Caramel Corn or other delicious foods. Includes Meister Bake® Pretzel and nacho decals.

Grand Portion Pak Warmer & Nacho Display

#5588

This is the big boy – ideal for high-traffic areas like cafeterias and arenas that need a lot of product, hot and fast. The 520-watt mammoth is designed to keep both portion pak cheese and packaged chips at a tasty hot temperature, and is constructed of sturdy aluminum, glass and anodized aluminum, and lift-out doors. Hot Dog Steamers & Rotisseries

Hot Dog Steamer Cart

#8080NS

A staple on the sidewalks of New York and Chicago, now bring that classic look and taste home! This all-in-one steamer and cart is a true merchandiser, drawing in customers with its decorative wheels and genuine steamed-dog taste. Made of durable stainless steel, this machine features two condiment compartments, as well as a jaunty umbrella for the front or back. An electric element heats the water, working to warm the two separate hot dog and bun compartments.

Additional pans and lids also available. Call for details.

Sterno Steamer Cart

#8081

Take your steamer cart anywhere you want, anytime you want. Fueled by versatile, dependable Sterno, this tabletop steamer cart looks almost identical to the #8080NS Hot Dog Steamer Cart, but heats things up using canned heat rather than electric. Made of stainless steel, it features three compartments – two for dogs, one for buns – and includes the umbrella and decorative wheels.

Steamin' Demon®

#8007

This stainless steel brute is built to go the distance when it comes to durability. With no painted parts and full stainless cabinet and lid, it's a convenient steamer that can hold up to 90 regular dogs and 40 buns.

Super Steamin' Demon®

#8012

The biggest devil of them all, this model packs a whopping 50% higher capacity than its little brother the #8007 Steamin' Demon®, but still features a remarkably small footprint. Although perfect for 1/4-lb. dogs, this stainless giant can hold up to 180 regular dogs and 80 buns in separate compartments, and works with adjustable heat control for perfectly steamed hot dogs every time.

Steamin' Demon® with Dry Element

#8007DE

Here's a Demon that takes long-life even further! This model has the same world-famous steaming basics as the #8007 Steamin' Demon®, but features a heating element that is built to work completely below and out of the water for a longer-lasting life. Plus, the water basin is dishwasher safe for easy cleanup.

Large Hot Dog Steamer

#8151

This big dog has all the same great features as the #8150 Glass-Front Hot Dog Steamer – separate water pan, infinite heat and more – but with a larger capacity and adjustable steam baffles for more effective regulated heat. The entire top section lifts off for easy, complete cleaning. Also available for even faster cooking, #8151S Hot Dog Stand.

Mini Dogeroo® Hot Dog Rotisserie

#8108

This little giant does it all – it's an eye-catching rotisserie, attractive merchandiser and easy-clean machine all within one astonishingly small footprint. The cabinet itself measures a mere 9.5" wide, with only another 4.25" for the motor drive and assembly. Featuring direct drive – no chain or sprockets – you'll never burn up another hot dog. Compatible sneeze guard available, call for details.

Glass-Front Hot Dog Steamer

#8150

A Gold Medal exclusive, this user-friendly steamer is totally compact and easy to clean. Using infinite heat control, it's the ideal model for heating hot dogs to the perfect temp in the shortest time – up to 50 regular-size dogs! It's a 700-watt dynamo that features a convenient separate water pan and cooking chamber.

Dogeroo® Hot Dog Rotisserie

#8102

Boost your concession sales with this crowd-pleasing rotisserie capable of cranking out up to 56 hot dogs and 40 buns. It also features a warmer positioned over the water pan for keeping dogs and buns hot and fresh using moist heat. For compatible sneeze guard, call for details.

Super Dogeroo®

#8103

It's a super merchandiser, a super rotisserie and a super-sized sales-maker. With double the capacity of the regular **#8102** Dogeroo®, this model does twice the work in a smaller space than most roller grills, and more importantly, attracts double the attention and sales. Packed with a high-watt heating element, it's capable of fast warm-ups and features an integrated bun warmer, stainless steel cabinets and removable glass. Compatible sneeze guard available, call for details.

#5021EX Standard Export Model (230-V, 50 Hz)

Four-square Belgian Waffle Baker

#5024

A double-decker hot fudge sundae with fresh whipped cream? Or a zesty lemon meringue? It's easy to create the high-ticket Belgian waffle dessert of your dreams with this special 1660-watt baker. Its fast three-minute cook cycle yields 70 to 80 waffles per hour. 4"x4" waffles

Also available:

#5024ET with Nonstick Coating and Electronic Control

#5024EX Standard Export Model (230-V, 50 Hz)

Waffle Boat Baker

#5038

Waffle sundae – or sandwich?

In an era where the hot foodie trend is everything on a waffle, just let your imagination soar. The upper grid on this unique 1660-watt baker is hollowed out for any "food fill" you can imagine. Also available, #5038EX

Export Model (230-V, 50 Hz).

Four-Round Belgian Waffle Baker

#5025

It's all you need for a great brunch – from classic Belgian waffles to eggs Benedict. Use this baker with your favorite waffle mix to whip up a classic every time. The four-round-size waffles can be topped with soft-serve ice cream, syrup and whipped cream, or served as an excellent foundation for eggs Benedict. Makes four waffles 3.1" in diameter. Also available, #5025EX Export Model (230-V, 50 Hz).

Fudge Puppie Display Case

#5535

Vendor profits are all in the marketing, and few dessert lovers can resist this great chocolate view. For public displays of confection, look no further than this motorized, lighted display case. Also available, #5535EX Unlighted Export Model.

Twin Fudge Warmer

#4211

Melting fudge for Puppies or ice cream topping is smooth and easy with this deluxe water-bath warmer. This 640-watt warmer works just like a traditional stove-top double boiler, ensuring that chocolate doesn't burn during prep. Also available, #2194 Stainless Steel Insert Bowls.

Waffle greatness isn't just in the batter, it's in the machinery. While the right batter can help prevent stickiness, a machine with Nonstick Coating delivers perfection – every time. All bakers are available in nonstick by adding "T" to any product code. For even cooking temperature and great results, you can also choose the Electronic Control feature by adding "E" to the code. Both are recommended for superior sweets.

Fudge Warmer

#2200

This dipper-style fudge warmer is perfect for prepping fudge for Puppies, as well as for topping waffle cones or ice cream products. It features an oversized water tank, stainless steel cabinet and illuminated sign. If using for dipping Fudge Puppies or other products, requires the **#2200HF** Hot Fudge Kit, which includes a .75-oz. dipper plus lock ring and wire basket to hold down a #10 can.

*All items sold separately.

Pump-style Hot Fudge Warmer

#2201

Nothing sells more ice cream than tasty hot fudge topping. This pump-style warmer features an oversized water tank for even heating, stainless steel cabinet and illuminated sign. Most importantly, the built-in pump makes easy work of adding just the right amount of velvety warm fudge to any ice cream or sweet treat. Also available for easy dipping of Fudge Puppies, waffles cones and more. **#2200** Dipper-style Fudge Warmer and **#2200HF** Hot Fudge Kit.

Giant Waffle Cone Display Case

#8211

Second only to the sweet aroma of freshly baking waffles, this display case is a confection-lover's lair. Made from stainless steel and aluminum with Plexiglas windows and Lexan top, it features a convenient removable door. Also available, **#8215** 12-Hole Counter Tray (sold in lots of two only).

Small Waffle Cone Baker

#5023

Deliver a fresh take on waffle cones but on a smaller scale. This baker produces the same irresistible scent and crispy sweetness, but in a compact 6.5" cone. Its improved timer ensures a perfect, crisp cone every time. Also available, **#5023E** with Electronic Control.

Giant Waffle Cone Baker with Nonstick Coating and Electronic Control

#5020ET

Be an original – and increase profits. Few vendors offer homemade waffle cones, despite their popularity. Freshly made cones outsell pre-made two to one, and their sweet aroma seduces any dessert lover to come closer and see what's cooking. This 1,000-watt baker's new, improved timer ensures a perfect, crisp 8" cone every time. Cone-forming mandrel and batter drip tray included.

Also available:

#5020T with Nonstick Coating

#5020E with Electronic Control (Shown Right)

#5020 Standard Giant Waffle Cone Baker

#5020EX Standard Export Model (230-V, 50 Hz)

Fudge Puppie Dipstick Kit

#2200DS (not shown)

Includes: thermometer, insert bowl, special lock ring, and spin off cylinder.

Ice Cream Waffle Baker

#5051

Take your sales up a notch and bake your own sublime ice cream sandwiches. Use this 1440-watt baker to prep waffle sandwiches, fill with ice cream – either your own or easily cut from a brick – then top as desired. Also available, **#5051EX** Export Model (230-V, 50 Hz).

Waffle Dog Baker

#5044

For health-conscious customers looking for a tasty snack, it doesn't get any better than our Waffle Dogger. Don't deep-fry those corn dogs, bake them instead in this unique roll-over baker that delivers even cooking every time. For fast turnover, it's a 1660-watt powerhouse that makes five dogs at a time. Also available, **#5044EX** Export Model (230-V, 50 Hz).

Removable Grid Round Belgian Waffle Baker

#5042

Now you can have classic European style and taste – with true American convenience. End those busy brunch shifts and waffle-heavy workdays faster with this 1300-watt baker featuring a removable grid for the easiest and safest of cleanups.

Also available:
#5042E with Electronic Control
#5042EX Standard Export Model (230-V, 50 Hz)

Nonstick Puff Popper Baker with Electronic Control

#5055ET

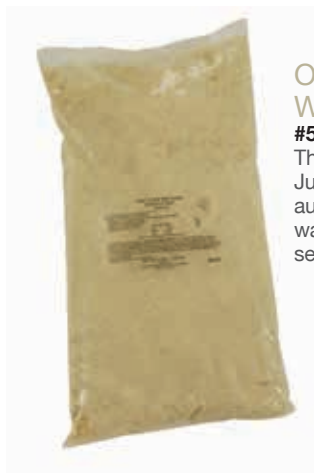

No puffery here, just serious profits. One of the most popular snacks around, puff poppers are easy to make and easy on overhead. When you can make 42 bite-size puffs in a matter of minutes, you can rack up the customers. Sweet or savory, poppers are made for dipping.

One-step Belgian Waffle Mix

#5017 6/5-lb. bags
This is our most popular mix. Just add water to create authentic Bavarian and Belgian waffle flavor and “come back for seconds” sales.

Old-fashioned Waffle Mix

#5018 6/5-lb. bags
Think of it as your grandmother's waffle mix with modern convenience. Delicious and easy to use, just add water to this economical mix option.

Waffle Dog Dipsy Dog Mix

#5116 6/5-lb. boxes
Change up your ho-hum corn dogs by baking them in this signature mix using our **#5044** Waffle Dog Baker.

Chocolate Dip Coating

#5519 40-lb. tub
Great desserts are synonymous with great chocolate. Our superior chocolate is made with real cocoa butter and works better than other standard ice cream dip products. Perfect for Fudge Puppies and waffles, this dip is specially compounded to work with a slightly warmed waffle, adhering in a relatively thin coating and requiring no refrigeration.

Waffle Cone Mixes

#8209 Old-Fashioned Bag
6/5-lb. bags
#8212 Vanilla Waf-A-Kone Bag
6/5-lb. bags

When it comes to the unforgettable sweetness and perfectly crisp crunch of waffle cones, count on our easy-to-use world-famous mixes – just add water!

Granulated Peanuts

#4128 30-lb. case
Fudge puppies and waffle cones aren't the only snack made livelier by the crunchy kick of peanuts. They're the perfect, low-cost topping for caramel apples, ice cream and more at under \$0.12 per ounce!

Batter Dispenser

#8220 Type K Dispenser
#5196 Dispenser Holder
#76365 16" Tong
A classic industry standard that dispenses any kind of batter, it's a must-have tool for measuring 1/2 to 3 oz. of batter for making giant waffle cones, Belgian waffles, ice cream sandwiches and more.

Easy Waffle Cone Roller

#5028 Roller
Any amateur waffle baker can become an expert with a roller that produces perfect small or large cones every time. The one-piece-anodized cone form and cast aluminum mandrel are built to last a lifetime.

Caramel & Candy Apples

High-output Twin Caramel Apple Dip Warmer #4211C

Double your output in half the time with this 1440-watt warmer! If using ready-made caramel, simply open the can and place on the warmer. With its dual capacity, one batch can be melting while the other is ready for dipping. This high-output model is also perfect for heating fudge, nacho cheese or soups. Also available, #2194 Stainless Steel Insert Bowls.

Candy Apple Stainless Stove #4110HD

Are copper kettles on your states banned list? Turn to this all-stainless steel setup. At 19", it's 50% larger than any other candy apple kettle and stove on the market, equipped with a 52,000 BTU burner and capable of bringing 15 lb. of ingredients to ready-temp with constant stirring in under 30 minutes. Also available, #2057 19" Aluminum Kettle with Handles.

*All items sold separately.

Hotshot Candy Apple Electric Stove #4416

With this little hotshot, candy apples go from your countertop to your customers. This 1500-watt electric stove features a special heating element with infinite control, so you can cook quickly while maintaining a consistent and ideal dipping temp. The setup includes the insert pot, plus on/off switch and six-position fine tune.

Reddy Apple Cooker #4008

From the largest midway to the smallest confectionery, this 1515-watt cooker brings candy apple goodness to virtually any location. Complete with included insert pot, it's a countertop model that makes easy work out of prepping and dipping for candy production.

Double-Batch Reddy Apple Cooker #4016

Ready to double up on sales as well as production? This double-batch cooker and insert pot work within the same compact counter space as the standard #4008 Reddy Apple Cooker, but take it up a notch with higher wattage – a full 1800 watts for quicker, bigger candy batches.

Twin Caramel Apple Dip Warmer #4211

Melting and making caramel has never been easier with this deluxe water-bath warmer. This 640-watt warmer works just like a traditional stove-top double boiler, ensuring that caramel dip or toppings don't burn during prep. In addition, it's ideal for melting fudge or heating soups. Also available, #2194 Stainless Steel Insert Bowls.

Candy Apple Gas Stove

#4110BG LP Gas Stove
#4111 16" Copper Kettle
(Sold Separately)

This gas-fired beauty is truly the vintage way to create candy-coated apple treats. Powered by a 35,000 BTU burner and paired with the hand-crafted copper kettle (sold separately), it makes for classic candy cooking (note that some states prohibit cooking in copper). If you need high-speed candy production from this old-fashioned setup, aluminum is the way to go. Also available, 208/230-V electric stoves, **#4009 16" Aluminum Kettle** (sold separately) and **#67216 Steam 'N Clean Lid**.

Caramel Topping Pre-Warmer

#2219-00-001

Designed for gradual warming of caramel, helping to reduce melting time.

Quicker Dipper

#4777

Need melted caramel fast? This insert dipper can do the job in 60 minutes, saving up to two hours of heat time compared to only using a water bath heater. Constructed of heavy-duty nonstick coating, the dipper works in tandem with a warmer – simply place a caramel can on a warming unit, then insert this 37.5-watt dipper into the can for fast, even heating.

Apple Hacker

#4180

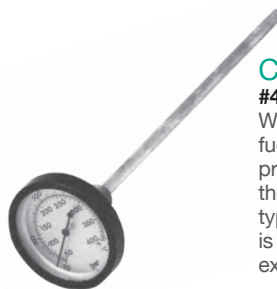

For an easy-to-eat option for your caramel-loving customers, "chip" your apples into sections with an apple hacker, then load them up with tasty caramel, nuts and whipped cream. This tool is the best way to quickly cut apples into sections and separate the core – just position and press.

Deluxe Apple Hacker

#4185

Give your arm a break while speeding up production with this deluxe model. Using double-action leverage, this NSF-listed unit eliminates operator fatigue while quickly and precisely sectioning apples. Constructed of cast aluminum with stainless moving parts, this hacker will cut to the core every time!

Candy Thermometer

#4300

When cooking candy, caramel, fudge or other temperature-precise items, a dependable thermometer is vital. This dial-type beats mercury hands down, is virtually unbreakable and extends to 400°F.

Aluminum Candy Pans

#4140 18" x 26" Large Aluminum Candy Pan
#4138 18" x 13" Small Aluminum Candy Pan

A must for candy apples, caramel, fudge and more, these high-quality pans are the industry's best, reinforced with steel at the lip for repeated and long-lasting use.

Pizza

Humidified Pizza Warmer and Merchandiser

#5550PZ

Nothing beats a good pizza when it comes to snack favorites. And nothing beats the Simplex Humidity System in this 1480-watt model for keeping your pies hot, fresh and ready to enjoy. Need variety too? No problem – this cabinet can take on up to four 18" pizzas but has the shelf bracing to hold pies as small as 12". It also features twin 9-hour water trays, rotating racks, 40-watt illumination and lift-out glass. Also available, **#5550PZD** with Double Doors, and **#17746** 20" Pretzel & Pizza Combo Rack.

Small Humidified Pizza Warmer and Merchandiser

#5551PZ

Great-tasting pizza and a compact footprint? Perfect. Built with the Simplex Humidity System, this cabinet is the perfect partner for piping hot pies. It holds up to four 14" pizzas on its revolving display racks, and ensures they are warm and tasty with a single 8-hour water tray. With lift-out glass and 40-watt illumination, it's a winning combination all around. Also available: **#5551PZD** with Double Doors **#5551PZL** with Lighted Sign **#17694** 16" Pretzel & Pizza Combo Rack

Pizza Oven and Humidified Merchandiser Combo

#5552PZ

Average pizza is easy, but great pizza requires just the right temperature, air movement and moisture. Get all that and more with this combo oven and holding cabinet that lets you bake and hold up to four 14" pizzas to their maximum tastiness. In addition to 8-hour water trays and rotating racks, this model features reinforced shelf stringers, adjustable time, 40-watt illumination and capped tube thermometer.

Flat Rack Humidified Cabinet

#5551FR

Want humidity without the motor? This is it. This four-shelf unit features stainless steel racks perfect for pizzas and a single 8-hour water tray to keep them fresh and flavorful. It's also equipped with lift-out glass and 40-watt illumination for the best in appetizing displays.

Warming Cabinet

#5888

If "Fresh 'n Hot" are what you need, this captivating cabinet fits the bill. The sky's the limit when it comes to the versatility of this warmer. Constructed of stainless steel and anodized aluminum, it also features adjustable shelves and lift-off doors.

Bake-It-All High-Speed Oven

#5554

This versatile little oven can really pack in the heat for turning out superior sandwiches, calzones, pizza bites, paninis and more. Built with two tubular heating elements plus electronic time and temp control, this 1400-watt machine comes standard with two aluminum shelves and one cooking stone that can be positioned in six different vertical spots. Even better, multiple ovens can be stacked atop each other for maximum baking power.

Ingredient Information

Information on allergens and religious documentation.

Food Allergens

Required by law as of January 1, 2006, food producers must list food allergens on all food product package labels.

A food allergen is any edible substance that causes a person to have an allergic reaction or something to which a person would have a strong aversion. According to the Food Allergen Label Consumer Protection Act (FALCPA), governed by the Food and Drug Administration (FDA) of the United States government, there are eight predominant food allergens: milk, egg, soy, fish, wheat, peanuts, tree nuts and crustaceans.

There is no cure for a food allergy; only strict avoidance of the allergy-causing food can prevent an allergic reaction. Anaphylaxis is the most severe type of allergic reaction. It is sudden, severe and potentially fatal. It results when the body's immune system reacts to otherwise harmless food proteins. The occurrence of an anaphylactic reaction can vary. It can begin very suddenly within seconds of eating a food, or occur hours after having ingested the food. Anaphylaxis should always be considered a medical emergency, as it may result in brain damage or death.

Anaphylactic symptoms can include:

- Hives
- Swelling of the lips, tongue and throat
- Nausea
- Shortness of breath, wheezing
- Drop in blood pressure
- Loss of consciousness

For more information about food allergies visit www.foodallergy.org

Food allergen cross-contamination occurs when any allergen is introduced to another or a non-allergen product. To verify if an allergen exists, read the ingredient label or contact your Gold Medal dealer or distributor. When changing products, identify any and all allergens that exist between products. When products' allergens differ, all contact surfaces and equipment must be thoroughly cleaned with soap and water to avoid cross-contamination.

Gluten-free Products

Gluten is a protein in wheat, rye, oats and barley. Common Gold Medal products that do not contain gluten are Sno-Kone® syrups and concentrates, FrusheeZ® mixes, Flossugar, Flossine®, Mega Pop® popcorn/salt/oil kits, Glaze Pop® mixes, Complete Corn Treat mixes, and Caramel, Basic and Chocolate Corn Treat concentrated mixes. For a comprehensive list of products go to our web site www.gmpopcorn.com or contact your Gold Medal dealer.

Religious Documentation

Many of our products are Kosher and/or Halal-certified. Certificates are available on request, or can be downloaded from our website at www.gmpopcorn.com.

Suggestions On Ordering

PRICES & SALES TAXES

Every state charges sales tax. We must charge sales tax on all applicable items and to all organizations in AZ, CA, FL, GA, IA, IL, IN, KY, LA, MI, NC, NY, OH, PA, SC, SD, TN, TX, VT, WA and WV until the appropriate exemption certificate has been properly documented and sent to us. There can be no exceptions – sales tax laws cannot be violated without serious consequences. Any prices in this catalog are F.O.B. Cincinnati. Prices are subject to change without notice.

SPECIFICATIONS

In this catalog, there may be typographical errors, which we reserve the right to correct. Some photos are of prototypes and actual production may vary. Some specifications are changed to improve equipment during the course of the year. Improving design and equipment performance is a continuous way of life here at Gold Medal.

TELEPHONE ORDERS AND OFFICE HOURS

Gold Medal is open 8 a.m. to 5 p.m. EST Monday through Friday year-round, as well as Saturdays during the summer months from 8 a.m. to 12 noon (all branches plus headquarters). Call 1-800-543-0862 or (513) 769-7676 for Cincinnati or the 800 numbers shown on the back cover for branch locations and specific directions.

FAX, EMAIL & WEB PAGE INFO

You can contact us 24 hours a day and leave a message. Our toll-free fax order line is 1-800-542-1496. You can ask questions and either leave your own fax number, telephone number or email address. We will get back at a time convenient to you.

Our email address is info@gmpopcorn.com. Our central telephone switchboard also receives several messages every day. As soon as we open for business on the next business day, these calls are returned. Many Gold Medal team members have their own direct 1-800 numbers as well. We want to stay in touch with you!

TERMS

If you have not already established credit with Gold Medal, we're happy to handle your orders on cash-with-order basis, or we accept MasterCard, Discover and Visa. To establish an open account, send us the name of your bank and three firms that extend you open account. We do not ship C.O.D.

RETURNED GOODS

Requests for returned goods should be made by calling Gold Medal Cincinnati, extension 2340 for a "return authorization" (RA Form). No food products or food packaging may be returned. You can fax in your completed RA Form to 513-733-5678.

INTERNATIONAL SALES

Gold Medal is actively represented in many, many international cities. Of course, we are always interested in establishing relationships in cities where there is no Gold Medal international dealer. Fax us or email us for the name of the international distributor nearest you. Or, if there is none, maybe it is time to establish you as a distributor if you qualify.

WEBSITE

Visit us on our website at gmpopcorn.com to check out what's new.

Methods of Shipment

The best way of getting your shipment to you at the lowest cost is to specify "Best Way" on your order. Our shipping department will use the best all-around routing. PLEASE ALLOW PLENTY OF TIME – all carriers do not render the speedy service as in the past. We use all popular methods of shipment: Truck Lines, Freight Forwarders, Bus, Parcel Post, United Parcel, Air Freight.

SHIPPING CHARGES

Please call for pricing.

TRUCK LINES

With good service from Cincinnati and, despite increased truck rates, this is best method for 100 lb. or more shipments. We can prepay freight and add it to our bill, but we must add a handling charge for this service.

PRIORITY MAIL, UPS OR FEDEX GROUND

By far, Priority Mail has become the most satisfactory! Small parcels get the best treatment from Priority Mail. It is unwise to send equipment such as Ice Shavers, Poppers or Hot Dog equipment via UPS or FedEx Ground – although we have sent some 6-oz. machines by FedEx Ground and UPS with moderate success.

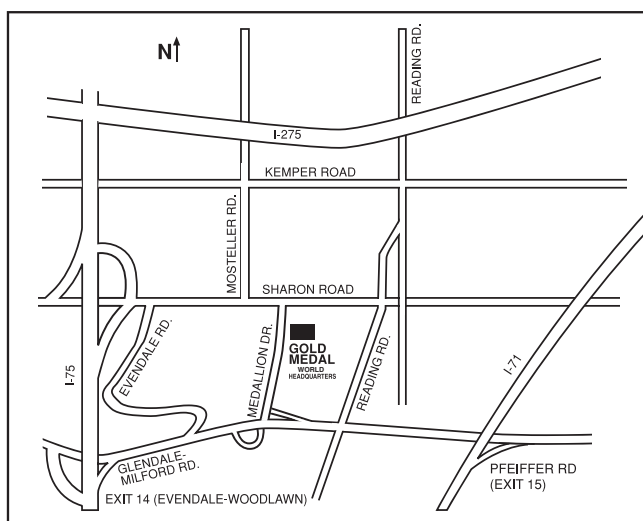

AIR FREIGHT

In a hurry? It's your call – if you pay the freight, you may choose from "same day" such as NEXT DAY, or SECOND DAY SERVICES or even DEFERRED AIR FREIGHTS. When you pay the freight, let us help you "have it your way!"

Directions

Gold Medal occupies over 400,000 square feet – over 10 acres under roof – over 20 loading docks, and we are still growing. We are very easy to find. From I-75, take Exit 15-Sharon Rd. Go east until you come to Medallion Drive – we are halfway between Sharon Road and Glendale-Milford. Come visit. Our "Fastop" is our customer service department here.

Always be sure to visit our annual Factory Super Sale for hands-on demos, and Super Sale Specials.
